What's Going on: June 1, 2018

Be Safe-Be Respectful-Be Responsible-Be Kind

Dear Bolinas-Stinson School Community,

This week we were able to view the documentary films that our 7th/8th grade students made this year in collaboration with World Story Exchange. We are very grateful for the support of the Board and the community to make this project available again this year. Please take a few minutes to view our student films here: <http://docfilmsbolinas-stinsonschool.blogspot.com/> You can find our student films from previous year at this site as well. Enjoy!

Welcome back to the 7th grade who returned this week from their two week Utah trip. Welcome back to the 5th and 6th graders who spent this week at Walker Creek. Bon voyage to our 8th graders who are heading off to Ashland for the Oregon Shakespeare Festival. Thanks for all the support in making these trips possible.

Parent School Climate Survey closes June 4th:

26 parents have already taken the parent/guardian version of the school climate survey. If you haven't done it yet, there is still time. Please use this link: https://scrc.schoolclimate.org/takesurvey/5af5b94258bb4?s_id=267

Site Council Parent Openings for the 2018-2019 and 2019-2020 school years (offer closes June 4th):

****Please note, the day of the week of the Site Council meetings is likely to change next year. If your interest is based on the meetings continuing to be on a Thursday, please note that it is like to change because of staff meetings****

The School Site Council is a very important decision-making body at our school. It is comprised of staff and parent representatives elected from those they represent. The Site Council is a body that meets regularly once per month, typically after school from 3:15-4:45, and sometimes additionally depending on the need. The council works on a variety of topics with the intention of improving our school (school climate, Social-Emotional Learning, designing a Stewards of the Land program, etc.) The council also serves as a PTA at our school—planning community events, parent education, staff appreciation, etc.

We have been very fortunate to have really exceptional parents serving on our site council the past two years, and their terms are up. So I am required to seek candidates to fill the vacancies on our council. (We have 3 vacancies and the current members are able to become candidates again if they so choose.) See below for how it will work.

If you would like to be considered as a parent representative for the Bolinas-Stinson School Site Council for a 2 year term:

- Send me (Jason) an email indicating your interest and availability to serve monthly for 2 years
- The deadline to submit your name will be Monday June 4th at 4pm
- If there are more candidates than openings, I will initiate an election via survey monkey during the week of June 4th
- The 2 year term will begin in September of 2018

Have a wonderful weekend.

Warmly,
Jason

The Bolinas Stinson Union School District Summer School Program offers a free, academic remedial and enrichment program to first through sixth grade Bolinas Stinson students. The program offers 63 hours of individualized, intensive academic instruction and a free daily snack and lunch. The BSUSD Summer School Program also offers consultation with classroom teachers, pre- and post- summer school assessment and three enrichment fieldtrips.

This year the summer program will focus on review and practice of grade level California Common Core Standards English Language Arts and Math. Students will also use web based Learning Ally to access ebook literature and Lexia for phonics, fluency and sight word practice and Dreambox for Math practice. Students will have the opportunity to practice coding using Code.org and Scratch. Summer school students will also spout and plant in one of the school garden beds.

El Programa Escolar de Verano del Distrito Escolar Stinson Union de Bolinas ofrece un programa de enriquecimiento y remediación académico gratuito para los estudiantes de Bolinas Stinson de primero a sexto grado. El programa ofrece 63 horas de instrucción académica individualizada e intensiva y una merienda y almuerzo diario gratuitos. El Programa de Escuela de Verano de BSUSD también ofrece consultas con los maestros de aula, evaluación de la escuela antes y después del verano y tres excursiones de enriquecimiento.

Este año, el programa de verano se enfocará en la revisión y la práctica de los estándares básicos comunes de California para las artes del lenguaje en inglés y matemáticas. Los estudiantes también utilizarán Learning Ally basado en la web para acceder a la literatura del ebook y Lexia para la fonética, la fluidez y la práctica de la palabra vista y Dreambox para la práctica de matemáticas. Los estudiantes tendrán la oportunidad de practicar la codificación usando Code.org y Scratch. Los estudiantes de la escuela de verano también verterán y plantarán en una de las camas del jardín de la escuela.
