Be Safe~Be Respectful~Be Responsible~Be Kind

Greetings Bolinas-Stinson School community,

I want to wish each of you a wonderful Thanksgiving. We all can find things to be sincerely grateful for in our lives. Feeling and expressing gratitude is good for all us, the receiver and the giver of gratitude. I want to express my gratitude for the opportunity to grow each day as an educator and as a leader here in our beautiful little school. I value the relationships that are developing here with students, staff and parents. Thank you for your kindness, your care, and your dedication to our purpose here as a great school for our children.

Peace.

Jason

Public Notice

Public Pre-school Program for 4-Year Olds

The Bolinas-Stinson Union School District is now registering students for a new public preschool program for 4- year olds that is scheduled to open in August of 2017.

This program will be free of charge to families residing in the district and there may be additional room for students who live in neighboring school districts.

This preliminary registration* period will open on October 23 and will close on November 21.

The program will open only if there are sufficient numbers of students whose families are committed to enrolling them. One of the reasons that the district is accepting early registrations is to assess the number of students who will actually attend next fall.

If you wish to register your child (who will be 4 years old by September 1, 2017) please be ready to provide the following information:

- The child's name
- The child's date of birth
- The child's place of residence- the address where the child sleeps most nights.
- The name of the parent or guardian.

If the program opens next year as planned, additional registration materials will be required.

You may register by calling District Secretary, Johanna Scutt at (415)868-1603 or by e-mailing the information noted above to johannas@bolinas-stinson.org or by visiting the district office at 125 Olema-Bolinas Road in Bolinas.

* Early registration is very important but does not guarantee that your child will be enrolled when the program opens.
