

The Bolinas-Stinson School District will be re-convening the Kindergarten Readiness Roundtable Committee this year and is seeking interested parents and community members to participate.

The Committee will hold conversations on a set schedule throughout the year so that people with interest and expertise in early childhood education will have a shared understanding about what Pre-K and Kindergarten readiness means in our school. The committee will schedule approximately 5 meetings during the school year and will share ideas and continue to grow in their understanding of this important topic.

If you are interested in joining this committee, please contact District Secretary, Johanna Scutt at (415) 868-1603.
